## Current Exhibits in the Changing Galleries

**Fighting Fires** presents the history of the City of Tempe Fire Department from the viewpoints of those who have lived that history. A historical time-line puts the Fire Department in perspective, and a photographic essay on a day in the life of a Tempe firefighter shows what it is like to be a firefighter. The exhibit runs through March 6, 2004.

## Reflections on Tempe Beach

Using personal stories and photographs, this exhibit looks at the founding of the pool and park, how the park became a community center, the impact of the segregation policy and how community activists overturned this policy. The exhibit runs through Aug 1, 2004.

## Upcoming Exhibits

It offers a view into how identity is expressed by youth from four diverse and unique communities: Guadalupe, Arizona; Second Mesa, Arizona; Ciudad Obregón, Sonora, Mexico; and the northeastern section of the Navajo reservation, Utah. This exhibit is on tour through the Arizona Commission on the Arts Traveling Exhibitions Program. It opens Jan 9 and runs through March 5.

## Get Connected!

[www.tempe.gov/library](http://www.tempe.gov/library)

The Tempe Public Library's Web site is your electronic gateway to the vast array of information available at the Library and on the World Wide Web. Users with a valid Tempe Library card can connect from home or the office to a wide array of full-text magazine, newspaper and research databases.

The TPL Web site also provides information about library programs and services, reading lists for adults and children and links to recommended sites on the World Wide Web. Special features allow you to send a question to the Reference Desk, suggest titles or subjects for inclusion in the Library's collection and share your comments and ideas regarding Library services with the Library Director.

The Library Web site also provides access to the new Millennium online catalog that features powerful new search capabilities and links to additional information about materials in the Library's collection such as tables of contents and reviews. By using the "My Millennium", library card holders can renew checked-out materials (if no one else is waiting for the item), reserve items, view personal circulation information and provide their e-mail addresses so that notices can be delivered to them electronically.

## Rowing

**Juniors Rowing**-Junior refers to high school age rowing or anyone 18 years old or younger. Rowers spend their first year as a Novice rower, learning the skills, the mentality and gaining physical fitness to produce a smooth, stable boat. At competitions, Novice rowers race against other rowers that are in their first year of rowing, leveling the playing field and creating some exciting race opportunities.

After completing The Novice year, rowers enter into the varsity class to improve skills, fitness and focus on upcoming races. There is more emphasis on boat selection and A squads and B squads are formed.

**Novice Row-Juniors**-Come join the Novice rowing team and develop your rowing skills in a team sport environment. The novice year focuses on improvement of the rowing stroke and training for racing. Float tests\* will be held on 1/5 at KRC. Recommended 1-year participation. Fee: \$87.

### \* Important note about the float test \*

The float test will be held at a local pool (location TBA prior to each class). During the first scheduled class meeting students will be asked to float, tread water and/or swim unassisted for 10 minutes. Please come with shorts and a long-sleeve shirt to test in (no sweats please) and a change of clothes. There will be a video presentation on safety and rowing during the float test class session, as well.

**Adult Rowing**-Adult Rowing encompasses any one who is 18 years old or older. Whether you are an accomplished competitive rower or if you have never seen a rowing shell before, we have a class for you.

Beginners will take the Learn to Row I course to get introduced to the very basics of rowing. Learn to Row II will allow you to improve your newfound skills (or remember your old rowing skills!) and prepare to join the Novice Rowing Program. The Novice Rowing Program gives you the opportunity to row as a team, form boats and, possibly, put your skills to the test at one of our local rowing races.

Fitness/Intermediate rowing focuses on the enjoyment of rowing a shell and getting a great workout in the process. Competitive Rowing is for those who have had one or more years of rowing experience. This group focuses on competitive rowing and traveling to regional races.

**Learn to Row I**-Need to work off some of those Holiday calories? Always wanted to try rowing? This class is for you! Designed exclusively for first time rowers, this course will lead you through the basics of rowing a four or eight person shell. Safety, boat handling, proper rowing technique and developing fitness are stressed. Participants must be able to pass the 10 minute float test\* and have a basic level of fitness. The first class will meet at a local pool for the float test and safety video presentation. Attendance of the first three classes is mandatory. Fee: \$103.
